Product Description

Astronaut Projector Galaxy Light with Star Sky for Game Room and Home Bedroom

Product Description:

1.Astronaut Light Projector,This star projector light features 8 colorful nebula effects with twinkling green stars. The HD galaxy light will fill walls and ceilings with stars and nebula, creating an immersive experience as if you were in a galaxy. With this unique astronaut design, it can be used as astronaut decoration to decorate your room with astronaut theme.

2.Timer & Remote / 3-Button,It's easy to use and simple to manage your starry night light with the RF remote and 3 buttons on the back of the astronaut, which allows you adjust the color, brightness and flashing frequency of the nebula and starry sky. Plus, you can set a timer of 45 or 90 minutes and it will automatically turn off when your child falls asleep.

3.360° Adjustable Star Projector,The head of the astronaut can rotate 360° in all directions, which can be completely separated from the body, and is connected with the body by magnets. It allows the nebula and star to be projected onto ceilings, walls, or windows. Same with the feet and the moon stand, you just connect them and they can stay in any place with the food stand firmly.

4.Best Gifts for Your Children,This Astronaut Nebula Projector is the perfect gift for your child who will be immersed in the amazing world of space when you turn on the night light, the different nebula light with the green twinkle starry will inspire kids to explore the mysteries of the universe. In addition, the astronaut galaxy projector can be used as a living room/bedroom/game room/car ambiance night lights.

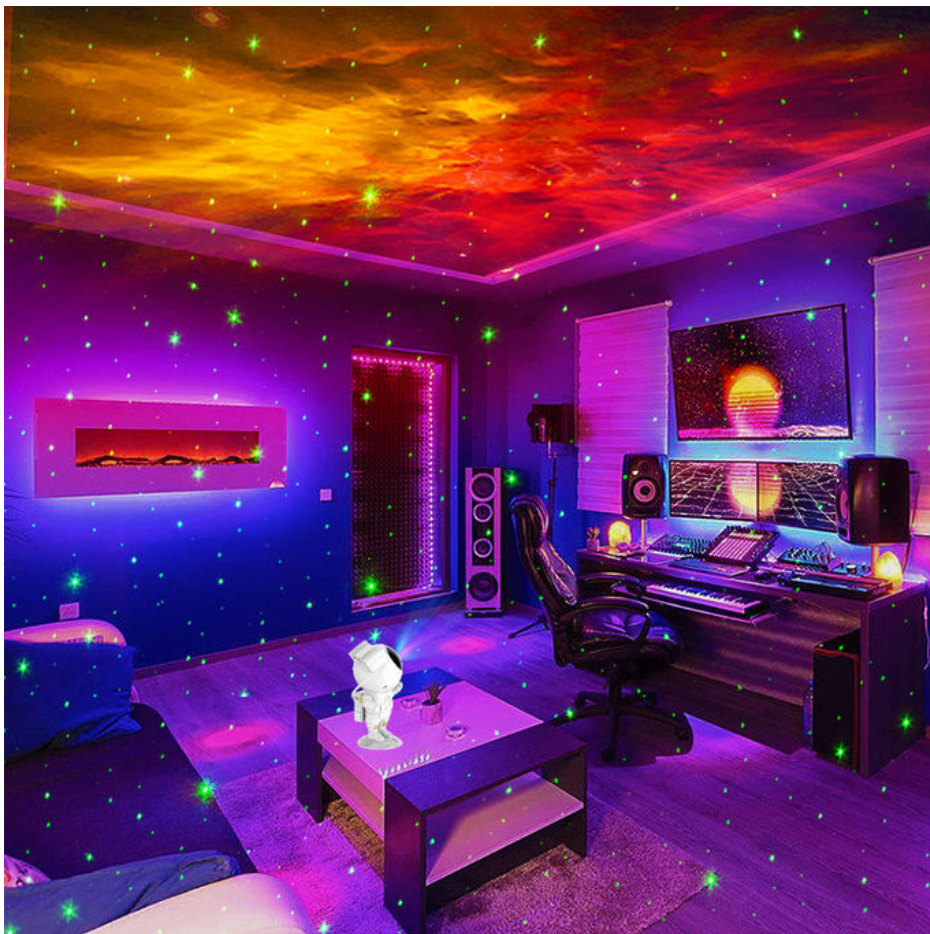

5.Project to Anywhere You Want Thanks for the innovative design. The head and body of the astronaut are attracted to each other by magnetic force, which makes the projector rotate 360 degrees freely without restriction.
