Product Description

Astronaut Projector Light with Remote Star Nebula for Bedroom Birthday Party Decoration

Product Description:

1.NEW Galaxy Astronaut Nebula Projector,This starry sky projection night light has stunning 8 kinds of mixed nebula effects accompanied by twinkling green stars.Clear galaxy images make you immersed and feel the vast starry sky more intuitively.Cultivate children's interest in astronomy.

2.Smart Star Projector Works With 360°Adjusted,The astronaut's head can rotate 360°through magnetic force,which allows Nebula projection to rotate at any angle without limit.The unique astronaut lights are not only a galaxy star projector,but also beautiful decorations.

3.Star Lamp Projector with Remote Control And Timer,You can use the remote control to adjust the color,brightness and flashing frequency of the nebula and starry sky.Star or nebula patterns can be used simultaneously or separately.In addition,You can set the timer to 45 or 90 minutes,when you fall asleep under the stars,the led star night light projector will automatically turn off.

4.Multi-function Design Star Projector Night Light,The starry sky ceiling constellation projector can be used as a bedroom,car,game room,living room brightness adjustable light.This not only provides a beautiful atmosphere for dating night,game night,movie night and party,but also uses the lights of bed head night to accompany the child to sleep.

5.Galaxy Projector Best Gift for Kids and Family,This astronaut luminous star projector is a great gift choice for holidays (Christmas,Valentine's Day,Children's Day, etc.) and birthdays.You can send this cute astronaut starlight to your lover,child,and friends.
