

ROHS Remote Control Astronaut Galaxy Lamp , USB Astronaut Projector Night Light

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: easuntec
- Certification: CE/ROHS/FCC
- Model Number: YSJ-YHY-001
- Minimum Order Quantity: 24 pcs
- Price: Get Best Price
- Packaging Details: 24 pcs / Carton
- Delivery Time: 3-5 work days
- Payment Terms: T/T, Western Union, PayPal
- Supply Ability: 2000pcs per day

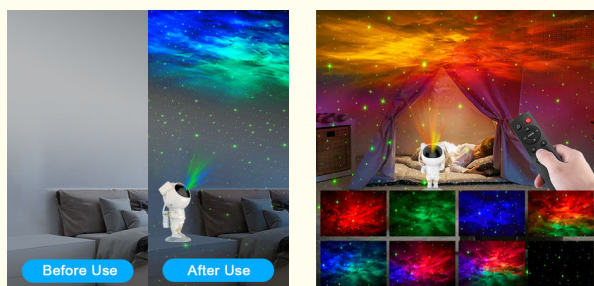

Product Specification

- Material: ABS/PC/PVC/TPE
- Light Source Type: RGB LED
- Item Size: 120*113*228 Mm
- Work Input: 5V 1A
- Timing Mode: 45/ 90 Mins
- Control: Remote
- OEM/ODM: Welcome
- Highlight: **ROHS Astronaut Galaxy Lamp,
Remote Control Astronaut Galaxy Lamp,
USB Astronaut Projector Night Light**

Product Description

Astronaut Projector Lamp Starry Sky Night Light with Remote for Home Bedroom Room Decor

Product Description:

Appearance design:

1. Unique and novel astronaut appearance, "astronaut" shares the beautiful and mysterious nebula it has seen, and takes you to explore the vast galaxy and starry sky.
2. The astronaut's head, which can be rotated 360° with magnetic attraction, allows the nebula to be projected anywhere without restriction.
3. The astronaut's lunar base is detachable, the arms can be moved, and various poses can be taken, which is also a good decorative ornament.

Projection effect:

1. 8 kinds of beautiful and mysterious projection effects, you can fix your favorite projection effects or cycle different projection effects.
2. Adding green stars, the constantly twinkling stars make the projection even more amazing. Of course, the "Green Star" can be turned off individually through the remote control.
3. The moving Nebula projection makes it look more stereoscopic, and the moving speed and brightness are adjustable.
4. It has a 45 minute or 90 minute timed off mode. You can safely use it while sleeping.

Difference between plug-in version and rechargeable version:

-- Plug in version: It can work only when the power supply is connected all the time.

-- Rechargeable version: Built in 1800mah battery, recyclable charging. No need to connect to the power supply all the time, it can be used anywhere through the battery. (Of course, it also supports plug-in use.)

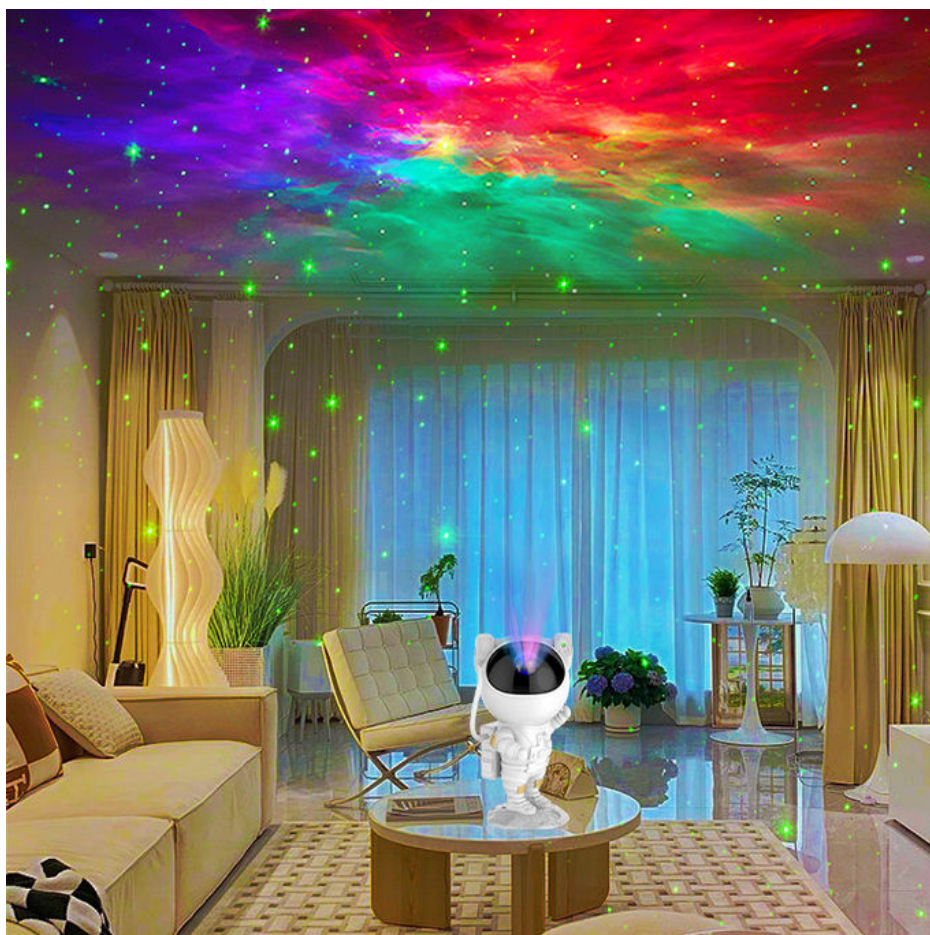

Specification

Item Name	Astronaut Galaxy Projector	LED Effects Modes	8 Star Cloud modes	Main Material	ABS+PC+PVC+TPPE
Item Color	White / Black	Rated voltage /Power	5V / 1A ~ 5W	Item Size	120*113*228 mm
