Product Description

Galaxy Star Projector Astronaut LED Lamp Ceiling Projector Home Room Decor Birthday Gifts for Kids

Product Description:

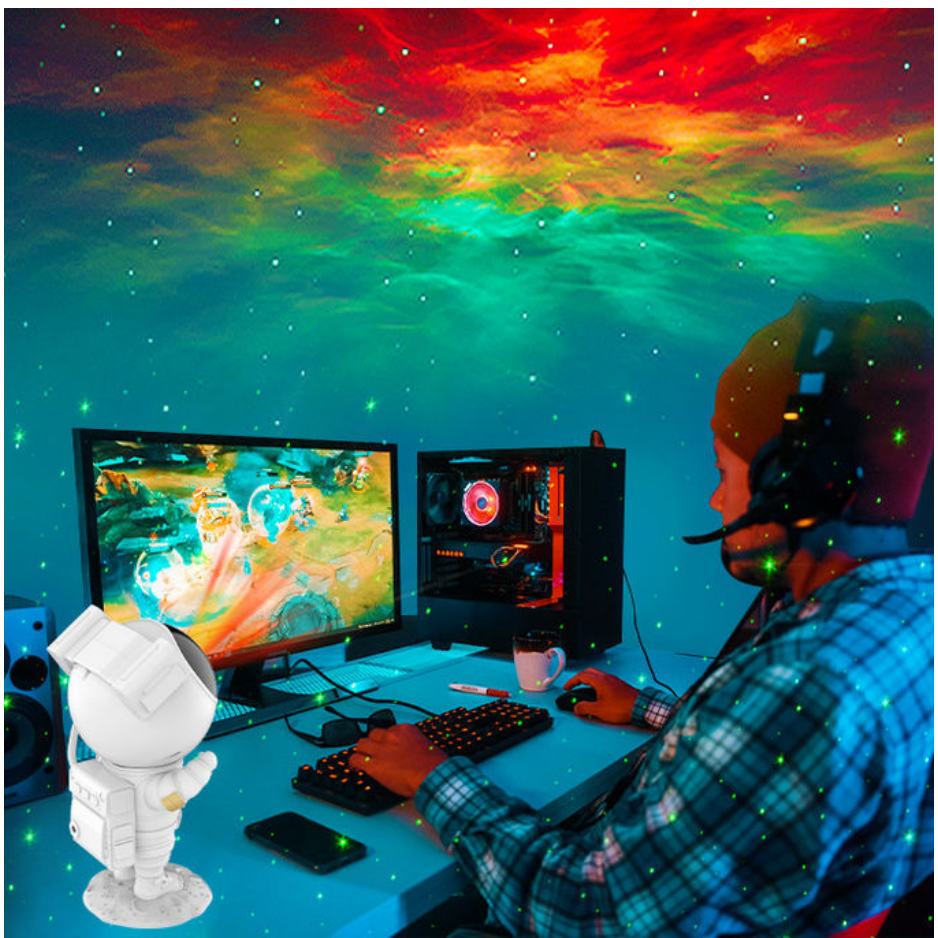

1. Classic and lovely astronaut design, Inspired by astronauts and cosmic nebula, the projection effect seems to be in the vast universe, bringing you a happy mood.
2. Projection lamp, This projection lamp has 8 colors of nebula, 4 levels of brightness, and 2 working modes (nebula with or without stars). High definition starlight galaxies project on walls and ceilings, making you feel as if you are in a vast galaxy.
3. Remote control and automatic closing timer, With the remote control, you can turn on and off the lights freely, adjust the color, brightness and star breathing rate, and set the automatic closing for 45 minutes or 90 minutes.
4. Surprise design, The astronaut's head can rotate 360 ° through magnetic gravity, so that the nebula can be projected to any place without restriction. The astronauts' arms can be moved, and the lunar base is removable. You can put it in various positions.
5. Wide application, Galaxy lamp projector can be used as bedroom atmosphere lamp, living room sofa table decorative lamp, game room decorative lamp, small home theater strobe lamp, desk computer table decoration, car atmosphere lamp. Different lighting effects can be combined in turn to help children stimulate curiosity, imagination and creativity and explore the mysteries of the starry sky.
