Product Description

Astronaut Starry Sky Projector Night Light Atmosphere Light with Remote Control Bedroom Decorative Gift

Product Description:

1. There may be slight differences between the picture and the actual color of the commodity. We will try our best to show you the exact color.
2. Please allow slight dimension difference due to manual measurement.
3. 360° Head Rotation, The astronaut head is magnetically attached, it can be rotated 360° through magnetic force, allowing the nebula to rotate at any angle, switching between multiple environments. The astronaut base is detachable, the arm can move 360°, and it can assume various postures. It is not only a galaxy lamp, but also a lovely desktop decoration. Easily switch from nebulae, stars and moon with a large projection range for more ambience.
4. Timer & Bring You A Nice Sleep, The starlight has a timer function that you can put on, in which case the LED starlight nightlight projector will automatically switch off when you fall asleep under the stars. It runs without noise, good for kids sleeping, help them get to sleep faster, allow you or your children to sleep with peace of mind.
5. Gift Idea, This astronaut star light projector is a pretty cool night light, it is a perfect gift choice for birthdays, weddings, Children's days, Halloween, Christmas. Ideal not only for children, teenage boys and girls, but also for adults. Don't hesitate to surprise your family and friends.
