Product Description

Astronaut Star Galaxy Projector Light Star Night Lights Projection for Birthday Party decor and Gifts or Toys for Girls Boys

Product Description:

- 1.Small but powerful,This new version of the Astronaut Star Projector is a night light for small spaces, you will still be amazed by the dazzling effect of the nebula, but this new compact projector is suitable for smaller spaces, such as in your For your car, office, bedroom, baby room, play room, party, wedding, etc, it's the right size so it's portable so you can take it with you on the go (don't look inside the light, hard light can hurt your eyes es);
- 2.Space travel through twinkling stars,The Galaxy Projector Night Light has a stunning nebula effect, it casts colorful starlight onto walls and ceilings, filling your room with twinkling green stars, creating serenity, relaxation, mystery and romance atmosphere. This star mood light is perfect to decorate your home, especially suitable for Christmas decoration, party, dancing, wedding, banquet, birthday, festival, movie, etc. It also helps you and your kids to sleep;
- 3.Cute Design,Unlike other boring globe or square star lights, the astronaut has a unique and cute appearance, the astronaut head can be rotated to look like a child, it is very suitable as desk decoration, coffee table decoration, home decoration , car accessories decoration and other decoration anywhere. This little astronaut sits and looks at the starry sky with amazing nebulae and stars projected in front, your kids will love such a fun and surprising gift;
- 4.YES! THE BEST GIFT FOR ANYONE,Like a moon lamp, ideal for children's birthdays, just grab a planetarium home, play together in Odyssey space, and help the kids through a vast space full of breathing stars Inspire curiosity, imagination and creativity to explore the mysteries of the stars. Create a sweet, happy and romantic room for your loved one. Bring this beautiful gift to a friend at Christmas, he/she will love this incredible star show;
- 5.All remote controls are adjustable,the head can be rotated 360 degrees, allowing you to feel free to change the light direction, the remote control can adjust the brightness of the nebula, the speed of the flow of the nebula, the brightness of the stars, the brightness of the stars, the breathing speed of the stars and the speed of the stars switch. This astronaut projector lamp product has FCC, RoHS and CE certification.
