## Product Description

### Galaxy Star Projector Dinosaur Egg Mood Ambiance Adjustable Brightness for Gaming Room Home Center

#### Product Description:

1. 4 in 1 Aurora Projector,Integrate northern lights projector, night light, white noise and Bluetooth speaker, this star projector is more functional than others. Remove the projector cover, you can have individual colors, Red, Blue, Green or white; mix them up or all at once which up to 16 lighting effects, create a northern lights display in your own room. It has a cover on the light so it can be used as a comforting night light and the light shines through the dinosaur egg crackle glaze;

2. Bluetooth Speaker and 360 Degree Projection,It connects to devices through Bluetooth so you can use it as a speaker to listen to your own music. In turn it would be possible to link this to the sound activated flicker-mode by using the remote, provides a great ambiance for parties. it comes with a stand and you can position the projector so it covers the area you want, choose which part of the room the projection appears on;

3. Remote Control And USB Powered,You'll need 2 AAA batteries for the remote. When it comes to the all functions, you can either active them via the button on the projector itself or via the remote. Cable is USB wall plug end (You'll need your own USB adaptor) and Type-C on the machine. Through the remote, you have control over volume, previous and next music track, play and pause, brightness levels, colour change and much more.
