## Product Description

### Product Description:

G Lighting Speaker, also known as G Lamp Speaker or G Music Lighting, is the perfect solution for your home lighting and music needs. It comes in two sizes – large and small – with the large size featuring an adjustable light brightness, while the smaller size is lightweight and easy to carry. Both sizes are made of ABS material. With the large size, you can even control it with an app, while the small size does not have this feature. G Lighting Speaker is the perfect combination of both lighting and music, making it a great addition to any home.
